

Terms and Conditions of Service

1. Scope of Services

I provide freelance digital services including, but not limited to, digital funnel creation, subscription reselling, software licensing solutions, and digital product localization. Each service will be outlined clearly in the project proposal.

2. Payment Terms

All payments must be made through the freelance platform unless otherwise agreed. Projects under \$500 require full payment upfront. For projects above \$500, a milestone structure will be agreed upon. No work is delivered until agreed payment is made.

3. Revisions Policy

Each project includes two free revision rounds. Additional revisions will attract a fee, unless caused by a fault on my part.

4. Refund Policy

Refunds are only offered if no work has been started. Once milestones are approved or files are delivered, refunds are not applicable.

5. Licensing and Usage

Digital assets created may include licensed tools or templates. Clients are responsible for ensuring they have appropriate end-user licenses, unless otherwise provided as part of the project.

6. Confidentiality

All client information will be treated confidentially and will not be shared or reused outside the project scope.

7. Delivery Timeline

Delivery timelines are agreed upon before project start. Delays caused by the client (lack of feedback, incomplete requirements) may affect delivery time.

8. Communication

All official communication shall be done via the freelance platform or agreed channels to maintain transparency and accountability.
